Objective

A highly motivated and skilled BCA graduate with expertise in C#, Entity Framework, and SQL Server. I am seeking a challenging position in software development where I can leverage my technical skills, project experience, and passion for coding to contribute to organizational success.

Education

Bachelor of Computer Applications (BCA)

[LN College of management and technology], [Y.C.M.O.U]

[2024]

Certifications

C# Foundational Course - Microsoft

Gained in-depth knowledge of C# programming fundamentals.

Technical Skills

- **Programming Languages:** C#

- **Frameworks:** Entity Framework, ASP.NET Core, ASP.NET MVC

- **Database Management:** SQL Server

- **Web Technologies:** HTML, CSS, JavaScript

- **Tools:** Visual Studio, SQL Server Management Studio (SSMS)

Projects

Ecommerce Website

- Developed semi-ecommerce website with features such as product listings, order, user.

- Technologies used: C#, ASP.NET Core, Entity Framework, SQL Server.

API for Ecommerce website.

- Created a RESTful API for the ecommerce platform, handling CRUD operations, user, and data management.

- Technologies used: C#, ASP.NET Core, Entity Framework.

Professional Summary

- A detail-oriented and dedicated individual with a solid foundation in software development, particularly in C#, Entity Framework, and SQL Server. Possessing strong problem-solving skills and a keen interest in learning new technologies, I am well-prepared to take on new challenges and contribute to the success of a dynamic development team.
